

SALSA ON ICE REPORT: 21 November 2018

Weather:

Weather conditions, sunny, winds 5(knots), temperature high -12C

SALSA Drill Team members on ice: Graham Roberts, Dennis Duling, Jonas Kalin and James Roth

- Worked all day at SPOTSA with Marine Technicians loading cargo on LARS deck.
- Continued to track DNF crates, looking for drill computers and discussing contingency plans.
- Assessing DNF needs and providing weights and measurements to Rebecca for LC-130 flights.

Cargo: DNF Crate arrive moved to Monday

Note: This day was spent loading cargo on the LARS deck and strapping for traverse. Also started to understand our total DNF needs for LC-130 flights.
